## Color Prediction: Core Earning Game

Color prediction is the most popular and widely used earning option on Tiranga Game. In this game, players select a color and wait for the result at the end of a short round, usually between 30 and 60 seconds.

Commonly available colors include:

- Red
- Green
- Violet

Red and Green usually provide steady returns, while Violet offers higher payouts with slightly higher risk. Because the rules are simple and results are announced instantly, color prediction is suitable for users who prefer quick earning opportunities.
